Hersteller: Sonstige

Modell: Englisch Ausgabe von Cristopher R. Bartocci (Autor)

Kaliber: Sonstige

Zustand: 2 - gepflegt, leichte Gebrauchsspuren

Frei erhältliche Waffe

Beschreibung:

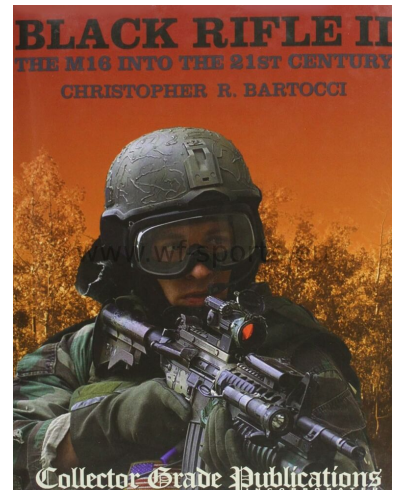

375 pages. Hardcover with a dust jacket. Black Rifle II is a sequel to the perennially popular Collector Grade title The Black Rifle. Considering the storms of controversy which have surrounded the program in its early days, the M16 has gone on to become the most effective combat weapon in the world, the longest-serving shoulder arm in U.S. history, and the benchmark against which any new military rifle must now be compared. This second volume covers all of the new third and fourth generation rifle and carbine models introduced by Colt and Diemaco since the Black Rifle was originally published, and describes and depicts the myriad of enhanced sights and rails systems. An excellent reference.
