Zustand: neu

Abgabe nur an Inhaber einer Erwerbsberechtigung.

Beschreibung:

FN 502 TACTICAL FDE 22 LR The FN 502™ Tactical isn't just the first .22 LR from FN, it's the industry's first slide-mounted, optics-ready rimfire handgun that's ever existed. Designed for maximum fun, FN's hammer-fired .22 LR delivers more accuracy and versatility than any other rimfire. Mounting a favorite red dot optic and cycling a wide range of .22 LR ammo makes a low-cost range day a high-end experience. Inspired by FN's patented Low-Profile Optics Mounting System, the FN 502 Tactical offers unmatched sighting options and co-witness front and rear sights align perfectly with your dot. The superior ergonomics, proven balance and ambidextrous controls, all a nod to the FN 502's bigger brother, the FN 509®, make it perfect for high round count training sessions. Like a robust target-style rimfire pistol, the design of the FN 502™ Tactical delivers faster, more accurate shots on target from a modern, optics-ready tactical pistol. Caliber: .22 LR

Operation: Single Action Only (SAO)

Mag Capacity: 1x 10 + 1x 15 Rd.
